# ADVANCED TWO-DAY COURSE

# ABOUT THE INSTRUCTOR

Hi, I'm Bay! I made my way into the industry back in 2017 and I haven't looked back! During my time in the industry I have practiced and perfected my technique. It thrills me to see how many people have peeked an interest into starting a career in Microblading. Giving women (and men) more confidence is what drives me in this industry - it is incredibly rewarding and I love every second of it!

## A PEEK INTO THE COURSE:

There will be no more than 3 students to ensure proper one-on-one time during this four-day course.

We will begin training with an assessment quiz to see where each artist stands with knowledge. This way I can ensure you get the most out of the course! From there we will recap the entire of Microblading + Manual Shading. There will be lots of practice techniques on fake skins and dummy heads! Bay will teach you her mapping method along with watching her Microblade a live model! You will also have your own model during this two-day course as well.

## WHAT'S INCLUDED?

A TRAINING OUTLINE  
WITH ALL THE  
INFORMATION  
DISCUSSED DURING
